BLOCK 22

Hyderabad

Night Life

Block 22 located in the heart of Hyderabad's Hitec city. When owners Muneer & Anand approached us for this mammoth nightclub project, we instantly decided we had to design something iconic for this venue. With south ace architect Aamir sharma's collaboration we locked on a central 3 ring chandelier suspended from the centre of the dance floor. The main USP of the chandelier was we used "Golden lacquered tubes", this product was the first time to be installed anywhere in India.

The novelty of the tubes are they are gold coated, we call them "Magic Tubes". When there is no signal to the tubes, they look like golden pipes passing like an artifact of a decorative installation. Once "Madrix" gives a signal to the tubes the lights start doing their magic. With a total of 300 tubes, we used 4 Artnet devices to control this system.

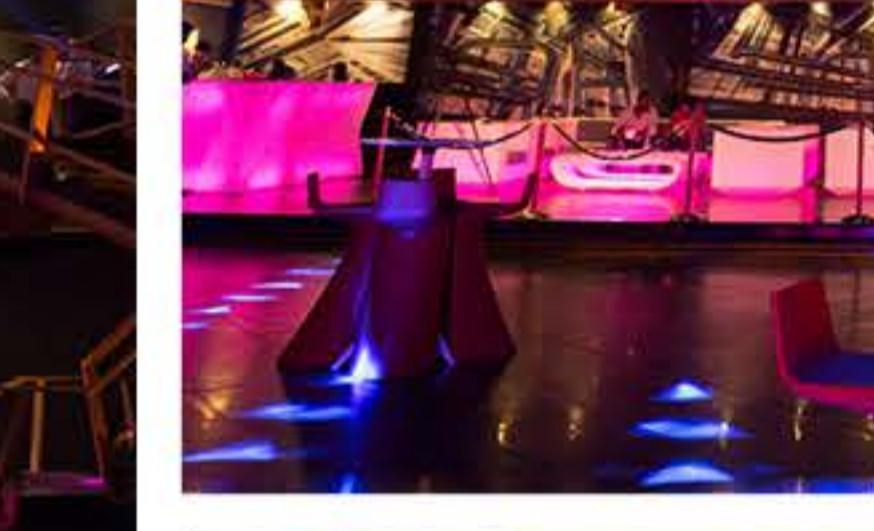

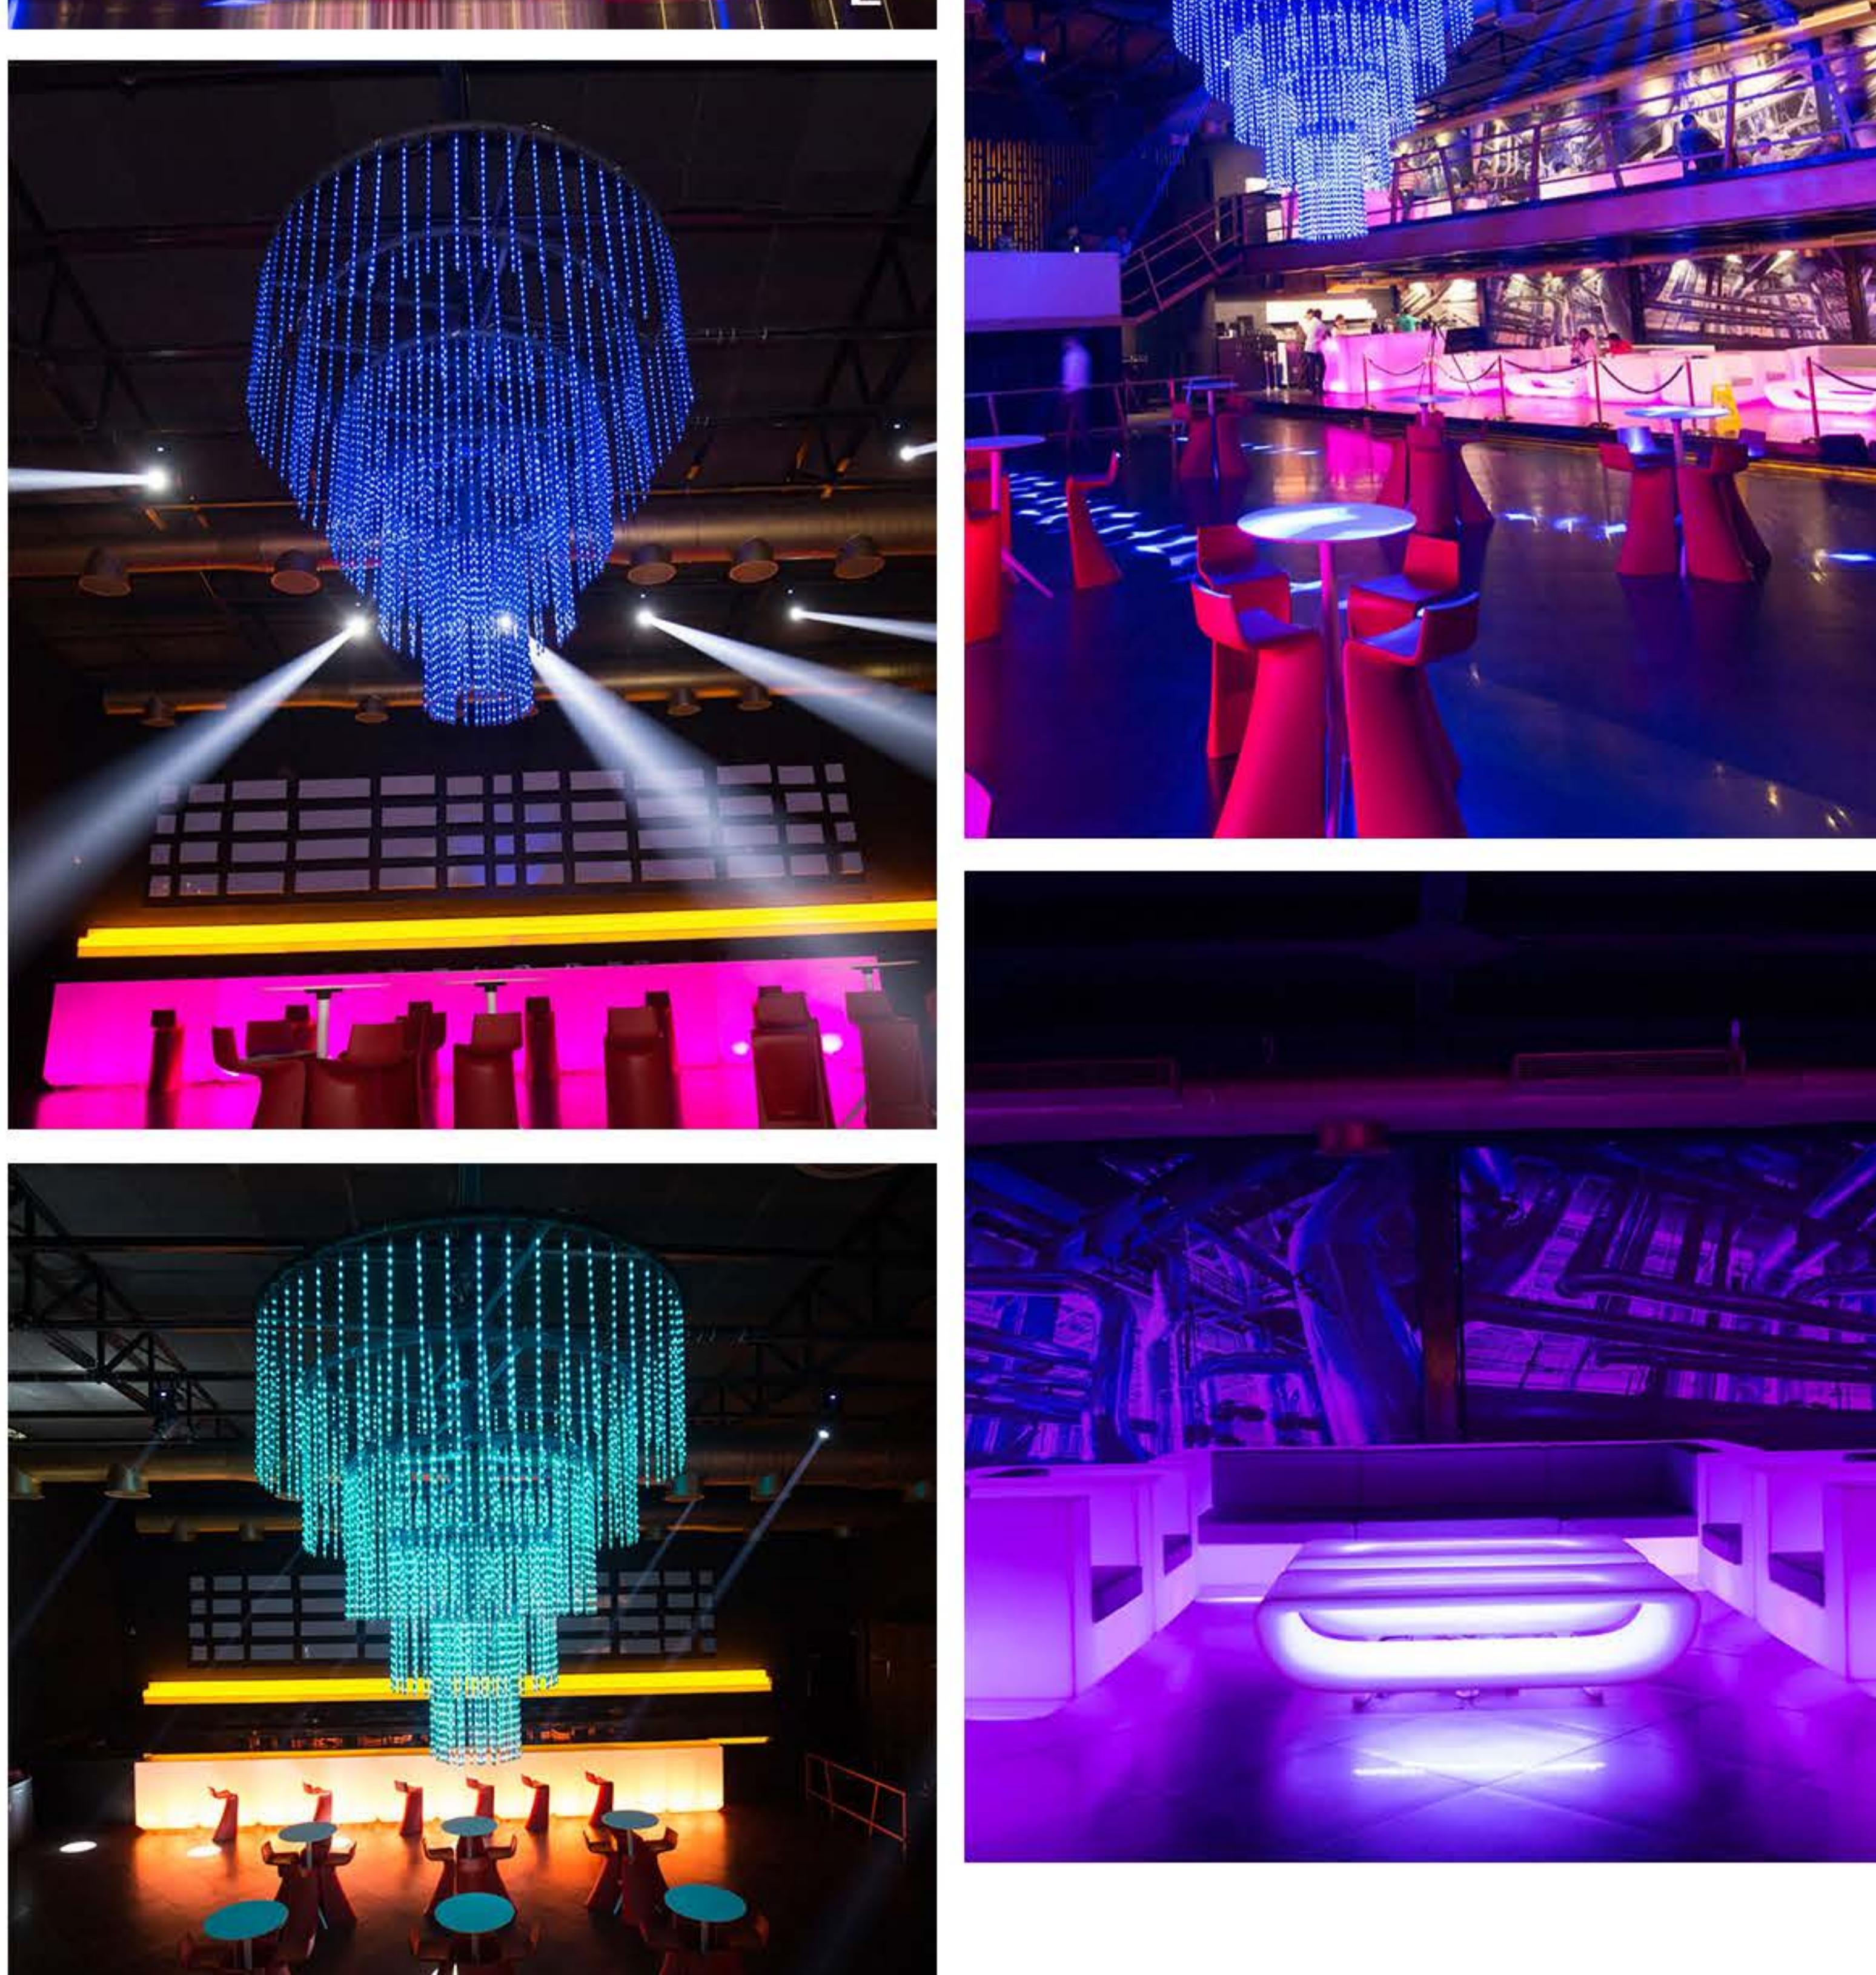

PROJECT DETAILS

- | | | |
|-------------------------------|---|--------------------------|
| — 300 x 1m tubes | — 4 x ROBE Moving Head Colorsport | — 1 x Avolites Titan one |
