“IF IT HAPPENS IT MUST BE POSSIBLE,
SO MAKE THINGS HAPPEN.”

COMPANY PROFILE

COMPONENTS

1 x MADRIX PROFESSIONAL

4 x ACCLAIM ARTNETS

144 x VERTICAL TUBES

110 x HORIZONTAL TUBES

Tryst nightclub is located in the heart of Mumbai city. Pheonix mall is the main attraction for Mumbai's high end luxury & high street shopping.

This unique nightclub has 3 main tables around the dance floor, its design being futuristic we had to create an array of lights suspending from the ceiling. Giving it a very electronic & futuristic vibe.

The hanging tubes were one of its kind and used first time in India, and arguably in the world, inventing the 3D matrix for lights.

This design has a good mix of hozintal and vertical tubes with led strips highlighting the tables and the Dj console. Tryst is definately an iconic installation for us being the our first project.

F Bar is located at the Le Royal Meridien in Chennai. It was a real challenge installing this project due to its low heights and the restrictions we had from the services being installed in the ceiling. The design had to be made in synergy with the F-Bar logo, hence we installed diamond shaped housing on every pixel.

The design consists of 2000 RGB pixels which we installed individually with separate housing being attached after.

COMPONENTS

1 X MADRIX BASIC

3 X ACCLAIM ARTNET

2000 X RGB PIXELS

Felix is located in the heart of Kanpur city. The design of Felix was inspired by a galaxy, in which we tried to create a starry ceiling using a 50mm pixel.

The pixels were installed in distance of 9" to spread it out in the entire ceiling.

COMPONENTS

1 X MADRIX BASIC

4 X ACCLAIM ARTNET

2500 X 50mm RGB PIXELSv

COMPONENTS

- 1 x MADRIX BASIC
- 3 x ARNET PROTOCOLS
- 8 ROBE SHARPIES

BLOCK 22 located in Hitec city in Hyderabad is one of its kind. The mere size of the club drops your jaw. With L-acoustics sound system and the mammoth size dancefloor, Block 22 is the hottest spot in Hyderabad.

For the first time in this industry we installed golden lacquered tubes. These tubes look like a golden pipe when they are off. Its truly magical how this golden chandelier compliments the center stage of Block 22.

COMPONENTS

80 x GOLDEN DMX TUBES

1 x MADRIX LUNA 16

200 x EDISON BULBS

Doppio Bar & Brasserie is one of our prestigious projects. This high end lounge & bar consists of a dinning and a bar setion. This dimly light space lights up more when the golden tubes come on, The tubes are installed in a random pattern to create an abstract interest to the place, The design consits a mix of Edison bulbs & led tubes which camouflauge with the decor when they are off.

UNWIND

KOREGOAN PARK, PUNE

2017

UNWIND is a brand new location in the heart of Pune city, Koregaon park. Ideal for a low height ceiling club, we tried to create a virtual screen on the ceiling of the club.

Unwind is a genuine effort to elevate Pune's nightlife & and create an international vibe. Unwind is the first place in pune to install such lighting controlled by Madrix.

COMPONENTS

650 x Dmx Tubes

8 x sharpies

1 x Laser 3MW

SAHARA STAR HOTEL, MUMBAI
